INTRODUCTION

The in-service training activities described in this calendar are intended primarily for teachers. The school boards may open registration to other staff members, who would then assume the role of resource persons for other interested staff members.

It is the regional offices' responsability to determine how many staff members each school or school board is entitled to enrol in the various activities. the regional offices are also responsible for establishing the criteria that participants must meet. Furthermore, each regional office will send to the school boards an offer of service indicating the content, dates and location of each training session.

The following is a list of the Ministère's administrative regions to help you identify the region to which your school belongs.
